

Levels of Certification

- **Level 1. Standard Modulift Spreader Beams:** In accordance with BS EN 13155 - 2003. Available CE Marked and supplied with a Certificate of Conformaty and DNV Typed Approval, up to 400t available off-the-shelf.
- **Level 2. Individual Proof Load Testing or Modulift Spreader Beams:** Modulift offer an individual Proof Load Test service with or without 3rd Party Verification to those requiring a higher level of certification.
- **Level 3. Modulift Spreader Beams with project specific DNV Certification:** Although our range of Spreafer Beams are now DNV Type Approved, we can also offer project specific DNV certification of individual Spreader Beams. It is the ultimate in certification and quality control for the most demanding project specification; a Modulift Spreader Beam indiviudally certified by DNV in terms of Design, Manufacturing and Proof Load Testing. Supplied with a design review report and Certificate of Conformity for Manufacture and Test, issued by DNV.
